60GB

## Loads of entertainment without the load

Award-winning ZEN Vision:M does more than play your videos, photos and music. It displays them in their true glory on a vibrant, large 2.5" full-color screen, perfect for road trips long or short. Carry your entertainment in the palm of your hand. Choose from a sleek 30GB model in five dazzling colors - blue, green, pink, black and white; or a heavy-duty 60GB model with USB host feature, in black or white.

### Up to 240 hours of movies<sup>1</sup>

Big screen blockbusters, yesterday's picnic, or even your favorite TV shows<sup>2</sup>. They can all fit in your pocket and are perfect for sharing. ZEN Vision:M supports many video formats, such as AVI, DivX™ 4 & 5, XviD<sup>3</sup>, MPEG-1, MPEG-2, MPEG4-SP, WMV9 and Motion-JPEG, which simply means more choices and fewer restrictions.

### Tens of thousands of photos

View precious memories - tens of thousands of them - in 262,144 vivid colors at a 320 x 240 resolution. Featuring a True Resolution image display, you can now view any photo you import without loss in quality or having to resize it. Take a closer look at your photos with the Zoom function, or scroll through your entire photo collection easily with the vertical touch pad.

### An amazing 15,000 songs<sup>1</sup>

Perfect for taking your music with you, on the road or around the house. The ZEN Vision:M sounds as good as it looks, thanks to Creative's world-renowned audio clarity, custom 5-band EQ and 8 preset EQ settings.

### Big screen entertainment with video out connection

Connect the ZEN Vision:M to a projector or TV with the optional AV cable, and delight everyone with big screen movie magic.

### 2.5" high-definition LCD screen

Watch movies and photos in their full glory on the large 2.5" LCD screen, even under bright lighting. Displaying up to 262,144 vibrant colors, get crisp, clear detail in every image in high-definition 320 x 240 resolution.

### Vertical touch pad

Ergonomically designed, the innovative touch pad control enables quick, comfortable access to menus and settings.

### Rechargeable Li-ion battery

Enjoy up to 18 hours of music<sup>1</sup>, or 6 hours of movies<sup>1</sup> with the rechargeable Li-ion battery. Perfect for watching an entire movie non-stop anywhere you are.

### FM radio

If 15,000 songs aren't enough, listen to more music with the integrated FM radio. 32 station presets let you switch stations with ease.

#### **Personal organizer**

Store and view all the information that's important to you - daily tasks, contact lists and even a calendar. ZEN Vision:M syncs easily with Microsoft Outlook, and lets you edit your information with Creative Media Explorer.

#### **Voice recorder**

Meetings, lectures, even voice memos to yourself - record them all with the integrated voice recorder, which stores hundreds of hours worth of recordings.

#### **USB host feature<sup>4</sup>**

Transfer digital images and other data files easily to your player without your PC. Just connect your player to your camera or media card reader with the supplied USB Host Adapter cable to quickly transfer your picture. Available on 60GB model only.

#### **Full access to online music stores**

Select from more than a million songs from a myriad of online music stores - Napster To Go, Yahoo! Music Unlimited, Rhapsody To Go, and so many more. With PlaysForSure support, you will always be able to play any digital music you purchase.

#### **Get ZENcast**

Enjoy the ultimate collection of free video and audio podcast channels on [www.zencast.com](http://www.zencast.com). Manage all your favorite subscriptions with ZENcast Organizer and experience the best of the free-to-share formats available.

#### **Fits your life perfectly**

Select from an extensive line of accessories that make perfect companions for your ZEN Vision:M - including docking station, chic leather case, LCD screen protector, and even a car adapter kit.

#### **Good listening practices**
